MERIT WINS.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. C. Smith & Co., druggists. 1

MODERN MIRACLES.

The marvelous cures performed by the celebrated healer. Dr. McLennan, are attracting wide-spread attention with the result that his offices are througed with suffering people, and it would seem from their experience that they do not seek relief from the great physician in vain. This is what they say:

Mr. Jacob Hanxyerst, residing at 256 West, Fifth South street, asys: "It is marvelous what Dr. McLennan did for me. I was consumptive, and was more dead than alive when I consulted him, but to my great joy in less than three weeks I was able to go to work. Other physicians who doctored me considered my case incurable. The doctor's charges are reasonable, and within the reach of all." Henry V. Cot, Esq., residing at 260 Centre street, corner Peach, an old and respected resident of this city, says: "Well, my experience with the doctor is gratifying. For years I suffered untold agony from dyspepsia, diarrhoea and lumbago, together with weakness. When I went to Dr. McLennan for treatment it was with difficulty that I got to his place of business. I was unable to get an injut's rest on account of teing tormented with the most awful dreams, Such hideous nightmares as I had makes me shudder to think of. Well, to be brief, I am now well after four weeks' treatment. The doctor charged me but a very moderate fee. I would advise any one ailing and unable to get relief elsewhere to go and see him, of the Jordan, saws: "I have detered, south of the Jordan, saws: "I have detered.

sment. The dector charged me out a very mooerate fee. I would advise any one alling and
unable to get relief elsewhere to go and see
him."

Mr. William Knox, residing on State street,
south of the Jordan. says: "I have doctored
with many physicians and for certain aliments
have doctored with physicians who have a reputation of being the best in Salt Lake city, but
instead of curing me I was steadily growing
worse. With many misgivings I went to Dr.
McLennan, piaced myself under treatment, and
to-day (three weeks from time of commencement) I am a well and sound man."

James Kendall, esq., carpenter and contractor, residing at 755 West North Temple street,
says: "I suffered for years with piles, rupture
and dyspepsia. Dr. McLennan's treatment
affords me great relief and that a permanent
ocure is but a matter of a little more time as I
have had my trouble for years. I would recommend any one suffering and unable to get relief
elsewhere to go and see him."

William H. Keeney, esq., of Murray, Utab,
now residing corner Fifth West and Second
South, says: "My experience with McLennan
has been like a romance with a miracle. I suffered with a stroke of paralysis three years
ago, and immediately commenced doctoring
for it. I first went to one, staid as long as
money would hold out, then rest and seek
another doctor in this way. I saw and
treated with no less than twelve doctors, all promising a sure cure. I
spent hundreds of dollars, in fact, bankrupted
myself doctoring, but am ready to swear and
prove that not a particle of help did I receive.
I read in the papers once (I thing it was a Boston paper) that Dr. McLennan had cured a
prominent eltizenof that place of the very same
trouble I had, after his case had been pronounced incurable. It was for this reason that
I had any faith in him, and I can truthfully say
I did not believe him when he promised a complete cure in a few weeks; but, you see, he was
as good as his word. As you can see for yourself, I am as well as ever.
L. E. Woodman a gentleman

pectorating a great deal, with a shortness of breath.

Go and see Mr. Woodman and learn his experience, if you are a doubter; it will surprise you. C. W. Collien, twenty-eeren years old, is another victim of the late is grippe. He coughed himself to debility was not emaciated, but expectorated profuse purulent matter, and was fast approaching that stage as to be very soon obliged to give up. He doctored a great deal without benefit. He has been but a week with Dr. McLennan, and already feels like a different person; he coughs but little, the pain from which he suffered so much has entirely disappeared, and he feels encouraged and happy.

from which he suffered so much has entirely disappeared, and he feels encouraged and happy. Hon. A. Bunker, mayor of Washington, Ia., now sojourning at the corner of Second Fast and Third South, says: "I have been under Dr. McLennan's treatment for two weeks. I have derived more real benefit than from any treatment I lever tried for my trouble, which is catarrh. I have no doubt but what he will do what he claims—cure me—judging from the experience of his other patients I meet in his office daily."

F. B. Fuller, representing the Lithographic company of Denver, Colo., is now at the Templeton. Go learn his experience with Dr. McLennan; also cail on Mr. John Pierce, 301 East, Third street, a young man who was afflicted with heart disease. Go also and learn the experience of Edward Griffith, of 44 thurch street, also of Mrs. Pickering, 398 East, Second South street, and Mrs. Mary Crothers, 506 Flith South and Second East. When you are through consulting these then go to Dr. McLennan's office, 72 West, Second South street, and interview his many patients there. You are always welcome and it will cost you nothing. Please observe that Dr McLennan presents to your notice no strange endorsements only those living in your midst and whose truth or falsity you can confirm in ten minutes. They are all true statements of facts, as you may ascertain if you take the trouble to investigate. Dr. McLennan's system of practice is new, regular and scientific. His success in the past is a safe guide to what the trouble to investigate. Dr. McLennan's sys-tem of practice is new, regular and scientific. His success in the past is a safe guide to what he is able to do; what he has done for others he can do for you. He points with pride to his past record of twenty years, justifying the as-sertion that he is unrivaled, unequaled, unap-proachable.
